Disposal of City Owned Vehicles

The City of Ward Police Dept. is asking for the Councils approval to dispose of the following City Owned Vehicle:

2008 Dodge Durango

1D4HB38N78F131193 225,027 Miles

It will be disposed of on a public on-line auction site that several other departments are using with great success. I have established an account with this service and they handle all the transactions for the sale of the property at NO cost to the City. When an item has sold, it is the buyer's responsibility to pick up and transport the item off City property. The auction service collects their fees from the buyer and will remit a check to the city for the amount of the purchase.
